

Register and privacy policy

This is the register and privacy statement of the Finnish Drug Discovery Centre Ltd in accordance with the EU General Data Protection Regulation (GDPR). Created on 26.6.2024. Last modified 26.6.2024.

1. Controller

Finnish Drug Discovery Centre Ltd, Lemminkäisenkatu 14A, 20520 Turku

2. Contact person responsible for the register

Maarit Merla, maarit.merla@ddcenter.fi, +358 40 3108023

3. Name of the register

Website contact register

4. Legal basis and purpose of processing personal data

The legal basis for processing personal data under the EU's General Data Protection Regulation is the person's consent.

The purpose of processing personal data is "to collect information about parties interested in the company's portfolio and to be able to contact them for further discussion". Data is collected only for those who have filled in the contact form.

The data is not used for automated decision-making and profiling.

5. Data content of the register

The information stored in the register includes: person's name, company/organisation, contact information, reason/description of contact and IP address.

The data will be stored for 12 months, after which it will be destroyed.

The IP addresses of website visitors and cookies necessary for the functions of the service are processed on the basis of legitimate interest, e.g. to ensure data security and to collect statistical information on website visitors in cases where they can be considered personal data. If necessary, consent will be requested separately for third-party cookies.

6. Regular sources of information

The information stored in the register is obtained from messages sent by the customer using web forms.

7. Regular disclosure of data and transfer of data outside the EU or EEA

The data will not be disclosed to other parties.

8. Principles of register protection

The register is handled with care and the data processed with the help of information systems is protected appropriately. When register data is stored on Internet servers, the physical and digital security of their hardware is taken care of appropriately. The controller ensures that the stored data, server access rights and other information critical to the security of personal data are processed confidentially and only by the employees whose job description it belongs to.

9. Right of inspection and right to request correction of data

Every person in the register has the right to check their data stored in the register and to demand the correction of any incorrect data or the completion of incomplete data. If a person wishes to check the data stored about him or her or demand correction of it, the request must be sent in writing to the controller. If necessary, the controller may ask the applicant to prove his or her identity. The controller will respond to the customer within the time limit set by the EU General Data Protection Regulation (usually within one month).

10. Other rights related to the processing of personal data

A person in the register has the right to request the removal of personal data concerning him or her from the register ("right to be forgotten"). Data subjects also have other [rights under the EU's General Data Protection Regulation](#), such as restricting the processing of personal data in certain situations. Requests must be sent in writing to the controller. If necessary, the controller may ask the applicant to prove his or her identity. The controller will respond to the customer within the time limit set by the EU General Data Protection Regulation (usually within one month).
